One public comment received from a prepared statement by Richard Caulkins of Los Angeles County Sanitation District (LACSD):

1. LACSD supports the IRWM planning efforts of the Antelope Valley IRWM Group.
2. LACSD supports DWR & SWRCB expediting the Prop 50 Round 2 grant program and the upcoming Prop 84 & Prop 1E grant programs.
3. LACSD supports the simplified proposal solicitation packages of Step 1 and Step 2 for Prop 50 Round 2 grant program.
4. LACSD recommends DWR & SWRCB reducing the maximum grant award per applicant from \$25 million to \$15 million for a more equitable distribution of funds throughout the state.
5. LACSD recommends removing Statewide Priorities from the IRWM Plan Standards since they have been eliminated from the Prop 50 Round 2 grant program.
6. LACSD acknowledges that DWR & SWRCB recognizes the high costs of applicants incurred in Prop 50 Round 1 and recommends that continuing improvements are made to avoid it in Round 2.
